SEMINARIO DIPARTIMENTALE A.A. 2019/2020

## Data Science on Digital Unstructured Sources

Google Cloud Smart Analytics and ML - Moving from complex analytics to actionable insights with Google Cloud

**Abstract:** In a world where data is exploding (IDC foresees 44ZB in 2020) it is pivotal to rely on infrastructure and tools that enable you capturing, elaborating and understanding your data at scale. During this seminar we will dig into Google Data Analytics platform and we will see how to implement and manage modern solutions to unlock the power of your data.

INTERVIENE

**Maria Grazia Frontoso**

Google - Data Analytics Specialist - Google Cloud

**Martedì 11 Febbraio 2020, ore 8,30-12,00**

Aula Bertocchi, Sede di Via dei Caniana
